## Recent Operations

By Paul Nardin

I'm back on the job this week after a seven weeks enforced vacation. It's even to be able to pound a typewriter one pure time.

I'm deeply appreciative of the constant encouragement of my friends during the time of my operation and recuperation. My room in the hospital was a veritable flower garden during the days I spent there. Every mail brought encouraging messages in the form of beautiful get well cards. The telephone in the office at the hospital rang hundreds of times when friends were inquiring about me. Dozens and dozens of my friends called in person but were unable to see me because of my serious condition. I sincerely appreciate every bit of interest shown.

After my sojourn in the hospital I came to Canal Point where I received for a week before going to my wife's home in Georgia where I spent a pleasant three and one-half weeks resting some more. After the vacation I came to my wife, who carefully prepares my special diet. I weigh more today than I have in the past year. After coming out of the hospital I wasn't any trouble at all to get back the 23 pounds I lost.

My doctor says that I must take it easy for a while. It's going to be hard to do, especially after being used to an active life for many years. But, I'm willing to take his advice because I don't believe I could stand many more pains. I had at 2:15 on the afternoon of August 9, 1944. Stomach ruptures are something else.

## Power Line And Railroad Extension Brought By Expansion Of Industries, Exceeding All Activities Of The Past

Twenty-five years ago William J. Conner of Buffalo, N. Y., a man of large wealth and abundant energy, was carrying on operations at the then new West Palm Beach canal at a point five to eight miles southeast of Canal Point, a new settlement on the eastern shore of Lake Okechobee. In the course of time the Conner expenditures amounted to millions of dollars. At the same time the operations of W. C. Groves and Kubin & Jones of West Palm Beach, Son thereafter F. E. Bryant and associates pioneered the sugar industry in the upper Glades with their Florida Sugar & Food Products Company.

These operations led to the incorporation of the community called Pahokee and the organization of the Bank of Pahokee, related to the creation of Palm Beach, Lake sub-drainage district and Pahokee drainage district. Land reclamation in the area provided the only means of transportation.

Bigger things are being done today in the area than were done twenty-five years ago.

The area of development is larger. The expenditures are more numerous. The operators are more experienced. They are better financed. They are using machinery and tools and methods that have been developed in the years of experience. They have access to highways and telephone lines and do not have to wait for days and weeks the arrival of supplies.

The United States Sugar Corporation is maintaining an acreage of sugar cane and is planting some hundreds of acres of new potatoes for the new starch mill at Clewiston that an extension of railroad tracks through the fields and to a connection with the Florida East Coast railroad at Royal Station is to be made.

The character and extent of the operations of Newport Industries, Inc., in connection with the sugar cane are such as to lead to the materializing of all of the most sanguine expectations ever had for the growth of the town.

Fred Hickerson and associates have been engaged in extensive plans for extension of facilities of drainage districts—they have constructed levees and canals and installed pumps. His company has been and is as friend and son for their plantings of vegetables. A. J. Jones has been the peculiar adaptability of this region for the production of that commodity, potatoes. He has been growing them using land on West Palm Beach canal.

Power lines of the Florida Power & Light Company are to be extended to this area to serve the pumping plants and provide current for other machines.

Land development in this area twenty-five years ago led to the creation of a new town which became a county road and then a state highway, and to extension of the Florida East Coast Railroad to the area.

The present development has brought about rapid construction of the canal and the facilities of the Florida Sugar Corporation. In the light of the experience of the past, residents of this area are now in a position to plan the future under way will continue their influence. Purchase by R. L. (Sam) Jones of the twenty-two sections of land in the Big Mound district of Canal Point is adjacent to the canal and the United States Sugar Corporation. The land is for cattle, it adds that industry to sugar cane, sweet potatoes, pineapple and vegetables in process of expansion in the area.

The concentration of these interests in the area gives opportunity for coordinating efforts for improvement of drainage facilities to guard against the disasters that wrecked the earlier enterprises, when drainage facilities

## Road Sign To Cost \$400 At 20-Mile Bend

A masterpiece in signs will be erected at Twenty-Mile Bend within the next few weeks to guide motorists to Pahokee. A fund of \$400 has been raised and an architect is busy designing the sign which will be outstanding according to the civic group backing the project. Bids will be accepted on building and erection of the sign while actual lettering and decoration work will be done by another craftsman.

## Deadline Nears On License Sales

Have you bought your new 1945 driver's license? If not, you have only a few hours left before the end of September. R. E. Bell, who handles the licenses in Pahokee said yesterday that she would keep the office open Saturday night in Pahokee for those who desire to get their permits before the deadline. For those who do not purchase their license before October 3, a driving test is in store. So, if you don't want to go to all the trouble of taking a test with one of the State Patrolmen as your instructor, you'd better buy your driving permit to day or tomorrow.

## BIRTH ANNOUNCEMENTS

Mr. and Mrs. D. D. Caydill announce the birth of a son, Joseph Seymour, at Good Samaritan Hospital, West Palm Beach, on Monday, Sept. 25.

Mr. and Mrs. George Lorenzo Connors, Belle Glade, announce the birth of a son, Renny Michael, at the Everglades Memorial Hospital, Sunday, Sept. 24.

Cpl. and Mrs. Lloyd H. Abstein, St. Ray, announce the birth of a daughter, Judith Ellen, at the Everglades Memorial Hospital on Tuesday, Sept. 26. Cpl. Abstein is Stationed at Fort Meade, Md.

## New 66,000 Volt Hi-Line From Fort Lauderdale To Service Glades Area; Work On 66 Mile Line Starts At Once

Work is to start in the immediate future on a 66,000 volt transmission hi-line which will link the Glades area with the new station of Florida Power & Light Company and serve this important sub-structure in two directions, the Company announced today, thru its Glades district office.

Mr. and Mrs. Paul deMaya, Commissioned Engineers, who are in charge of the project, said that the line will make vast additional quantities of electric power available in the area, making a direct link with the huge generating plant as it does, it will insure greatly improved service. The project is being carried out by the War Utilities and the approval of this governmental body is necessary for the company to obtain priority in the use of new materials and also to go ahead with the actual construction work.

When completed, the Glades area will be part of the loop of hi-line service extending along the new Highway 26 from the Lauderdale to the Glades area. The line will be 66 miles long and will be the highest point of dependence of the second of the growth of the Glades area will be tremendous in coming years. The line will be served by less than the direct connection with the Glades area.

Mr. deMaya pointed out that in 1932-33, some 4900 crops were shipped from the Glades area, while in the season just closed, the total was close to 16,000. Florida Power & Light Company has a large number of customers in the Glades area in 1933. It now serves over 2,000 customers. The power used in 1944 was more than seven times the amount used in 1933. Since 1940, the load in the area has increased more than 33 percent.

He had hoped that the building of this important line might be done as a part of our post-war expansion, when materials and labor would be plentiful. But, Mr. deMaya, "but the expanding demands for dependable power in this very important food production center had to be met now as a necessity of war."

Construction work will be pushed just as rapidly as manpower

## Mrs. Gilbert Heads Business Circle

Mrs. O. O. Gilbert was elected president of the Business Woman's Circle, Baptist WMU, at a meeting at the home of Mrs. Cleo D. Smith Tuesday night. Mrs. O. O. Gilbert was elected president of the coming year were Mrs. A. Snyder, vice president; Mrs. W. Young, secretary and treasurer; and Mrs. M. DuBoe, program chairman.

Expanding on the program theme, "Love, Faith and Hope," Mrs. DuBoe gave a review of Florida Baptist Missionary activities for the past 50 years. Seventeen members were present.

## Work Starts On State Market Road

The Belcher Oil Company, contractor, started last week the work of hard surfacing the road connecting the State Highway 143 near the Florida Power and Light Company plant at the FPC station. The road is 20 feet wide and is being obtained from the quarry near the state market. It is expected that the road will be completed by the time movement of fall vegetables from the Glades area gets well under way.

## Norton Gallery Glee Club Coming To Pahokee Oct. 2

The Norton Gallery Glee Club of West Palm Beach is scheduled to arrive Monday night at the high school auditorium in concert. The appearance of the widely known singing organization is being sponsored by the Pahokee Rotary club and officers of the organization said yesterday that it looks like a sell out for the coming Monday night.

The West Palm Beach club is under the direction of Knig MacGregor, famous baritone, who founded the club and has watched it grow to its present proportions. There are 35 members.

The Glee club is the only one in Florida that is a member of the Association of Glee Clubs of America.

## Thanksgiving To Be Celebrated In Florida Nov. 30th

TALLAHASSEE—No matter what your calendar shows or official Thanksgiving day this year is Nov. 30.

The law says so.

Gov. Spaulding L. Holland has issued no official proclamation, but he has said—as he has for the past three years—that he has no discretion in the matter. In 1941 state law provides that Thanksgiving shall be the last Thursday of the month.

You have to look at the law books to find out, because the calendars aren't much help in the Glades district.

Nov. 23, as Thanksgiving. Others show the date as Nov. 24, and show no Thanksgiving date.

After all the hullabaloo over President Roosevelt's proclamation of Thanksgiving on the second year ago to accommodate merchants who wanted more shopping days between Turkey and Christmas, the Florida legislature decided to fix things up for the state by setting the last Thursday.

Then the President went back to the fourth Thursday. It worked out all right for Florida as long as there were just four Thursdays. But when there were five, Thanksgiving day is the fifth Thursday, Nov. 30.

It's a little thing, but it is nothing to keep any Floridian from eating turkey any Thursday he can find time to prevent him from giving thanks any time he likes.

## WEDNESDAY IS DAY FOR P. F. FFA MEETING

The Canal Point Parent-Teacher Association will hold its second meeting of the school year at the school auditorium on Wednesday afternoon at 3 o'clock. Mrs. M. Wilson, president, urges all members to be present.

## BAPTIST CHURCH

Two hundred and thirty-four of the members of the Sunday School of the Baptist Church of Pahokee last Sunday attended for a regular Sunday. The re-elected and newly elected teachers and officers will be presented on Sunday. A study course, "Now To Win To Christ," will be taught by the pastor beginning Tuesday at 7:30 P. M. at the church. The six attended the Training Union last Sunday. Special music will be presented Sunday, the pastor Rev. C. A. Goering preaching.

## Johns-Manville Company Affiliate Negotiating With Tallahassee For Nearly 6,000 Acres On W. P. B. Canal

State-owned land of the trustees of the Internal Improvement Fund of Florida to a group closely associated with the Johns-Manville Company of New York is being negotiated at Tallahassee. A hitch in the deal is the question whether the company's offer shall be accepted or whether the land shall be advertised prior to sale. This seems to be a minor point, and further negotiations probably will not be prevented by the objection.

Making of the deal is of high consequence to this region.

Fact that the deal is pending has been printed in daily newspapers; what has not been stated is the location of the lands. This company has information believed to be reliable, that the land is nine full sections fronting on and adjacent to West Palm Beach canal, and the canal is a tributary of the canal, across from state road 194 (Clemens' highway), bearing sections 4, 5, 8, 9, 10, 13, 14, and 22, all in township 43 range 30.

## Court Of Honor Held For Scouts Tuesday Night

A Boy Scout court of honor and awards was conducted here Tuesday night preceding the regular meeting of the North Glades District of the Gulf Stream Council, at the home of Mr. J. H. Waring and Eddie Stanley, Troop 23, was advanced to the rank of first class scout. Second class scout ratings were conferred on George Belk, Jr., Harold Waring and Eddie Stanley, Troop 23. It was announced that Billy Acres, also of Troop 23, had passed second class tests but was not present to receive his advancement; that George Belk, Jr., of Troop 23, had taken his first class tests. Sitting at the court of honor were Mr. J. H. Waring, district chairman, Elmer Farmer, district commissioner, and Alton Jones, district scoutmaster.

It was reported that a group of Canal Point Boy Scouts were planning to organize a Sea Scout Troop in the district. Included in the group are Harry Fremd, John Ogilvie, James Latham, Bill Egan and Kyle Hatfield. These boys hope to have organization plans far enough along to be able to make application for a Sea Scout Troop charter by next month.

At the business session, with Commissioner Frank Rozelle presiding, the annual report of the North Glades District was presented by Bill Nelson, assistant scout executive of West Palm Beach. He reported that the number of scouts in the district had doubled during the past year, being 69 a year ago and 127 today. The meeting was held at the home of Mr. D. G. Weeks of Canal Point and Ben S. Waring of Pahokee.

## Re-Organize Canal Point Cub Pack

A special meeting to re-organize the Canal Point Cub Scout Pack was held in the school auditorium on Tuesday night. It was announced that the Canal Point Parent-Teacher Association, which is again sponsoring cubbing activities in this community during the current school year and tentative plans for the year's work were discussed.

The re-organization of Canal Point Cub Pack will take place at another meeting on Tuesday, Oct. 31, and efforts will be made to register at least 20 boys in the pack. Present at the meeting were Frank O'Connell and Jack Hewell, members of the local cubbing committee. Albert Brown, chairman and Mrs. Frank O'Connell, den mother.

## Lions Plan To Eradicate Rats

A rat eradication campaign will be attempted by the Pahokee Lions club. It was announced this week. Full and complete plans for the campaign are now being made and will be announced to the public soon. It was said by one of the leaders of the campaign that the work has been carried on successfully in many different cities of the state.

Norwood Guthrie, another son of Mr. and Mrs. I. S. Guthrie of Pahokee, who is also with United States invading forces in the European theatre of operation.

## FFA Boys Furnish Rotary Program

M. DuBoe, agriculture instructor and FFA adviser at Pahokee High School, presented an FFA program at the luncheon meeting of the Pahokee Rotary club last Thursday. He introduced a collection of high school projects. FFA members, Fred Padgett and Frank Handley, members of the Pahokee Chapter, who received special award for their FFA work, were also present. The FFA chapter is now moving into the new agriculture building on the campus of the school, and every effort will be made to top last year's achievement record, they said.

The greatest handicap of the present time, the FFA boys explained, is a lack of sufficient acreage for experimental farming. The chapter has 22 acres, available, 3-1/2 acres of which will be planted to beans this fall as a demonstration project. The aim of the group, however, is to obtain sufficient acreage so that each of the 60 FFA boys in the chapter can have a 1/2 acre block on which he can work out an individual farming project.

Cpl. W. A. Stevens, U. S. Marine Corps, spoke briefly of his experiences. Other guests were Sgt. J. H. Williams, Pfc. Joe Albers, and Pfc. Lewis of Lake Wales. Lawrence Hughes and Joe Froelund of Belle Glade, and Fred Hickerson, local high school teacher, were also present.

## FRUIT CANS FOR OVERSEAS SHIPMENT

Wiley Tillis, proprietor of the Home Town Bakery, this week announced that he was seeking for overseas shipment. The cakes weigh three pounds, which Wiley Tillis points out, is about the right weight for overseas shipment. Some weeks now Mr. Tillis has thought it would be impossible to secure necessary fruits, but he recently he was able to find what he needed, therefore, the present supply of fruit cakes.

## Canal Point Man Will Be Buried In Superior, Wis.

"People of this community were told to learn of the death of Ernest Dopp, 47, at the Sunny-side Convalescent Home, Orlando, on Sunday afternoon.

Mr. Dopp came to Canal Point from Washington, D. C., five years ago to become director of the U. S. Department of Agriculture Sugar Cane Breeding Station here. Lacking sufficient help to carry on his work at the station he got into physical and mental suffering from mental depression went to Orlando the middle of September for medical treatment. He was reported to be improving as late as last Saturday before word was received that he took his own life by strangling himself with a towel.

Survivors include a wife, Mrs. Ruth Dopp of Canal Point, and Mrs. George Dopp of Superior, Wis., and one brother.

The body was sent to Superior, Wis., on Monday for funeral services and burial.

## Lions Plan For Ladies Night

Pahokee Lions at their Tuesday luncheon meeting set Tuesday, Oct. 17, as the date for the ladies night program. Names of the ladies to be in charge of decorations and table arrangements for the affair were: Mrs. C. C. Graham, Harry Waldschlager and Port Holland.

A. J. Gamot was elected first vice president to fill the vacancy left by J. F. Fraser. The new officer came president. It was announced that the Pahokee High School faculty had selected Roy Pope and Ronald Stanley as student members of the club for the current school term.

Wayne Fortenberry, assistant 1st vice, left from the Navy, told of some of his experiences while on convoy duty in the Atlantic. Mr. Fortenberry is a visitor.

## HABER COMPANY PUBLISHER DIES

Mrs. Laura H. Gogoley, 73, publisher of the Florida Advertiser at Wausau for 43 years, died Sunday, 10, Mrs. Gogoley and her husband established the Advertiser in Wausau in 1901.

She was born in Wausau, Wis., and was a member of the Wausau, Wis. Chapter of the Order of the Eastern Star. She was a member of the Wausau, Wis. Chapter of the Order of the Eastern Star. She was a member of the Wausau, Wis. Chapter of the Order of the Eastern Star.

## CHEER FOR GOLF DUFFERS

Which is the harder game, tennis or golf? Most people who have tried both would say tennis, which is certainly the more strenuous and therefore apt to be dropped as players advance into middle life.

But if skill is the test, an expert opinion pronounces in favor of golf. Ellsworth Vines, a Davis cup tennis star and once No. 1 player in the United States, is golf champion of Pasadena, Calif., and won the Bobby Jones tournament at Catalina Island. He is now a golf professional in Denver, and knows whereof he speaks.

"Golf," says Vines, "is more interesting and more difficult. It calls for mastery of more than a dozen clubs, for ability to handle the courses that are heavily trepped, and those that have extra long holes and rolling hills."

"Golf has mental hazards too, which tennis lacks. In tennis, says Vines, a player who really gets going can keep on at top speed almost automatically. The golfer's skill may desert him at any moment and is particularly apt to do so when he is ahead."

Vines brings cheer to the numerous golf duffers. They can now explain that their failure to go around in less than 180 is because golf is really a difficult game—Sanford Herald.

## SMALL FOR TEXAS

Some boys in Kansas City were showing a Texas rancher the town.

"What do you think of our stockyards?" they asked him.

"Oh, they're all right, but we have branding corrals in Texas that are bigger," he said.

That night they put some snapping turtles in his bed. When he had turned back the cover, he asked what they were.

"Missouri bed bugs," they replied.

He peered at them a moment. "So they are," he agreed. "Young uns, aren't they?" —Northern Lights.

## BETTER BOATS

Amateur sailors, land-locked by war, yearn to go back to the bounding main in yachts that are speedier, sturdier, safer and cheaper.

Offices you've been stymied on some small repair job, because the proper replacement were not available. Well, you stand a pretty good chance of getting almost anything you need here at Betzner's. There are, of course, many items out of stock, but, as a general rule, we can fill your needs.

Telephone Lines to the Front

Keeping step with the fast advancing war fronts all over the world are the telephone lines of communication. These lines are vital to military and naval operations and as the war fronts expand, vast amounts of additional wires, cables, switchboards and telephones are urgently needed.

Even when an invasion force wins, it loses vast stores of additional communication equipment. That is one price of victory. This is why there are shortages of all kinds of telephone equipment over here and why so many people are waiting for telephone service.

The best possible use is being made of the equipment we have, but there will necessarily continue to be waiting lists for service until the war is won and manufacturing plants have time to convert from war production and catch up with the backed-up demands for equipment.

We'd like those who must wait for a telephone to know that we shall continue to do everything possible to shorten that time.

Block And Tackle Is Order Of The Day  
As Osteen Puts Blue Devils Thru  
Hard Practice For Opening Game

It was block and tackle, block and tackle and still more block and tackle for the Blue Devils as Coach Frank Osteen, in a race against time, tried to get a team together and in shape for the opening game at Delray Beach on Oct. 6.

The squad of candidates for the team was swelled to 35 men this week when Coach Osteen, Stanley James, Leathan Ray, Hutton and Bobby Baker reported for practice for the first time. The team is now in the hands of the coach and the players are in the hands of the coach.

# Cinematic Chatter

By Malcolm Miller

Humphrey Bogart, that anti-character of the screen that we hate, during the unreeling of most of his pictures and then love, after we have seen the show and take time to put sober thought to his un-excelled workmanship in his

masterful interpretation of the character he portrays, comes to the Prince Theatre again this Sunday-Monday in an absorbing picture under the title "Passions to Marselle," which carries a strong supporting cast and tells an adventurous story.

Listed in the cast in support of Mr. Bogart are Michele Morgan, Claude Rains, Phillip Dorn, Sydney Greenstreet, Peter Lorre and

John Leder.

According to the story a group of escaped Devil's Island convicts are picked up by a ship planning to run convicts. The convicts place a mine, was the ship, and sail to England where they see the free French Air Squadron of the R.A.F. and bomb the enemies of France.

There's a double-header slated

for Tuesday-Wednesday and the first picture up should be interesting. That picture is "Two-man Submarine," which stars and features Tom Neal, Ann Savage and "Patrol" Nash.

The story concerns itself with a pair of American scientists, non-drifting, penicillin from blood on a South Pacific island. Jane and Nazis are after the scientist. Ann Savage parachutes from a plane to relieve Tom Neal, who is under fire from the ship, and a Non-U-boat captain arrives in the guise of a shipwrecked sailor.

On the same program comes "Dixie Dugan," which lists James Ellison, Louis Armstrong, Charlie Greenwood, Charlie Ruggles, Halie Reynolds and Raymond Willerton.

From the information I can gather this one seems to be a mixture of music, comedy, of the bachelorette, dancing and some semblance of a plot, although it is difficult to follow. However, with the cast that is listed I am sure this is going to prove very good entertainment for all of us.

Another two-piece is the Thursday-Friday with the first one to go to the "Nine Girls." Listed in this cast are Ann Harding, Evelyn Keyes, Jim Falkenberg and Anita Louise.

This is definitely a murder mystery. It is really an interesting story, and very well told. The second picture to be, under the title "Campus Rhythm," which stars Johnny Downs, Gale Storm, Robert Lowery, Candy Candido, George Forman, Doug Leatrick, Herbert Hayes, Marie Blake, Johnny Duncan and Claudia Drake. I think you'll like it.

Coming down to Saturday is the day of the members of the Six Shooters Club. I think I can promise you a very interesting play with a very interesting Western star. This star is Dick Foran, who not only can ride, shoot and fight but has an excellent baritone voice and sings cowboy songs as well as he can act. His picture is "Empty Holders," and I'm sure you are all going to enjoy it.

Just before the 30 that goes off the end of this column let me tip you off that for this coming season I can give you chief booker and buyer has some really fine pictures slated for this winter.

My first tip to you is, get ready for "Dixie Dugan," which is slated for this coming week and is one you won't want to miss. See you at the movies—Mal.

## THOUSANDS OF ARMY VEHICLES

## USE SINCLAIR LUBRICANTS

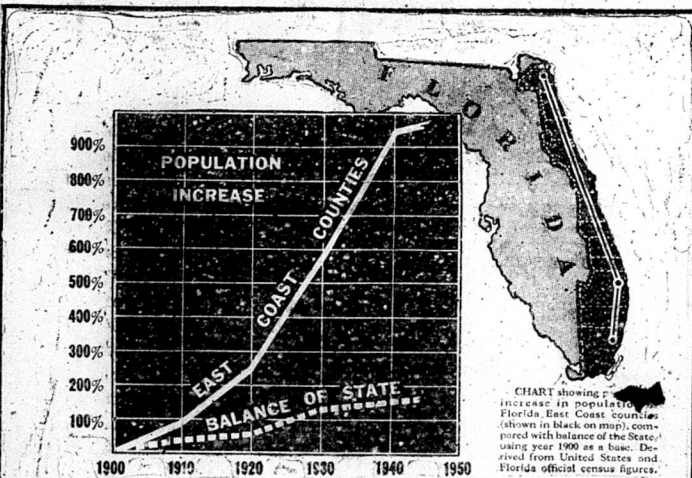

In saving wear and avoiding breakdown in the U. S. Army uses Sinclair lubricants in many "Weeps," tanks and other vehicles. Your Sinclair Dealer has the same quality lubricants to reduce wear in your car.

To save engine wear, he has Sinclair Opaline Motor Oil. Opaline stands up better and lasts longer because it is not only de-waxed but also de-jellied. Play safe, have your Sinclair Dealer drain and refill your crankcase with Opaline every 1,000 miles.

OIL IS AMMUNITION—USE IT WISELY

## A Record of Steady Growth

During the past forty years the East Coast of Florida has enjoyed a period of substantial and steady growth.

Between 1900 and 1940, the population of the coastal counties, served by the double track main line of the Florida East Coast Railway, increased 940 per cent. During the same period the population of the rest of Florida increased 157 per cent.

The Florida East Coast Railway aided that remarkable development in various ways—by enlarging the advantages of the East Coast of Florida; by making this section of Florida one of the easiest to reach; by bringing frequently brought thousands of visitors daily, many of whom eventually became permanent residents.

The ability of this double track railroad to handle a huge volume of extra traffic has made it possible for the East Coast of Florida to continue to progress during the war. After the war there is every indication that this favorable trend will continue upward.

Due to current military traffic demands, the Florida East Coast Railway can now accommodate only a limited volume of civilian travel and from Florida.

When more normal conditions return, this adequate double track railroad will be ready to promptly meet the needs of new gains in tourist volume, in population and in industrial development.

## LIONS LETTER

To the Boys in Service:

Being a rookie Lion this letter writing is new to me but anyway here goes. We had a very nice meeting Tuesday. Roy Pope and Donald Stanley of the Senior club of Pahokee High school were made honorary members. We were glad to have Wayne Fortenberry as a visitor.

Frank Rozelle had charge of the program and presented a very fine quartet composed of Roy Seagrave, Rupert Mock, Harry Waldschlager and J. T. Fugus. Elmer Jones of the Rotary club recited a poem entitled "Way do we call them the weaker sex?" which was enjoyed by all. The club voted to have Ladies Night on Oct. 17. Along with other civic clubs we are sponsoring a beautiful sign to be placed at 20 Mile Bend. Work on this is progressing nicely. We feel sure you boys will be proud of this sign when you return home.

Wishing you all the best of luck and an early return. I am,  
Sincerely yours,  
Fred Parrish.

## Clem & Maggie In Hillbilly Show

Nationally famous Radio Comedians, who were the hit of the Grand Ole Opry, Tom Show has been and prior to that were the outstanding star and features with Boone County Jamboree, for two solid years. They also had a fifteen minute program every morning over WFLW and were known as Clem and Maggie Willoughby. On one broadcast alone, they were the recipients of over forty thousand "fan" letters.

Clem and Maggie are two of the many famous radio "names" who will appear in Pahokee Station WFLW, Oct. 19 with the Hillbilly Jamboree in a large tent theatre, seating three thousand and located on the lot next to the City Hall.

Cousin Wilbur, the nation's greatest Hillbilly comedian, Pete Pyle and his Mississippi Valley Boys and Gino, both former stars of WSM Grand Ole Opry, Nashville, Tenn., and a host of fiddlers, songsters, dancers, fiddlers, yodelers and musicians will go to make up two hours of solid entertainment.

Doors to big tent open at 7 P. M. and the performance begins promptly at 8:15 P. M.

WCS to meet TUESDAY AT PARKER HOME

The Woman's Society of Christ, the Service will meet next Tuesday, October 3, at the home of Mrs. Joe Parker in Canal Point. The meeting hour has been set at 2:30 o'clock.

## WANT ADS

PIANOS—Just unloaded another cartload of nice, clean medium-size, upright pianos. These instruments were individually selected and all are of well-known makes. The finish on many of them can scarcely be told from now. The actions are first class and the keys clean and white. Included were several self-players, and we have all the new tunes on player rolls for them. These pianos can be purchased at a fraction of their original cost. Terms, if desired.
